

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Children from birth to age five

n = 24 Avg. time = 199 days (12 to 522)

Outcomes and Indicators:

Safe (1) protection (2) abuse (3) risk (4) self-control

Healthy (5) physical health (6) happiness (7) exposure (8) physical development (9) emotional development

At Home (10) living environment (11) living relationships

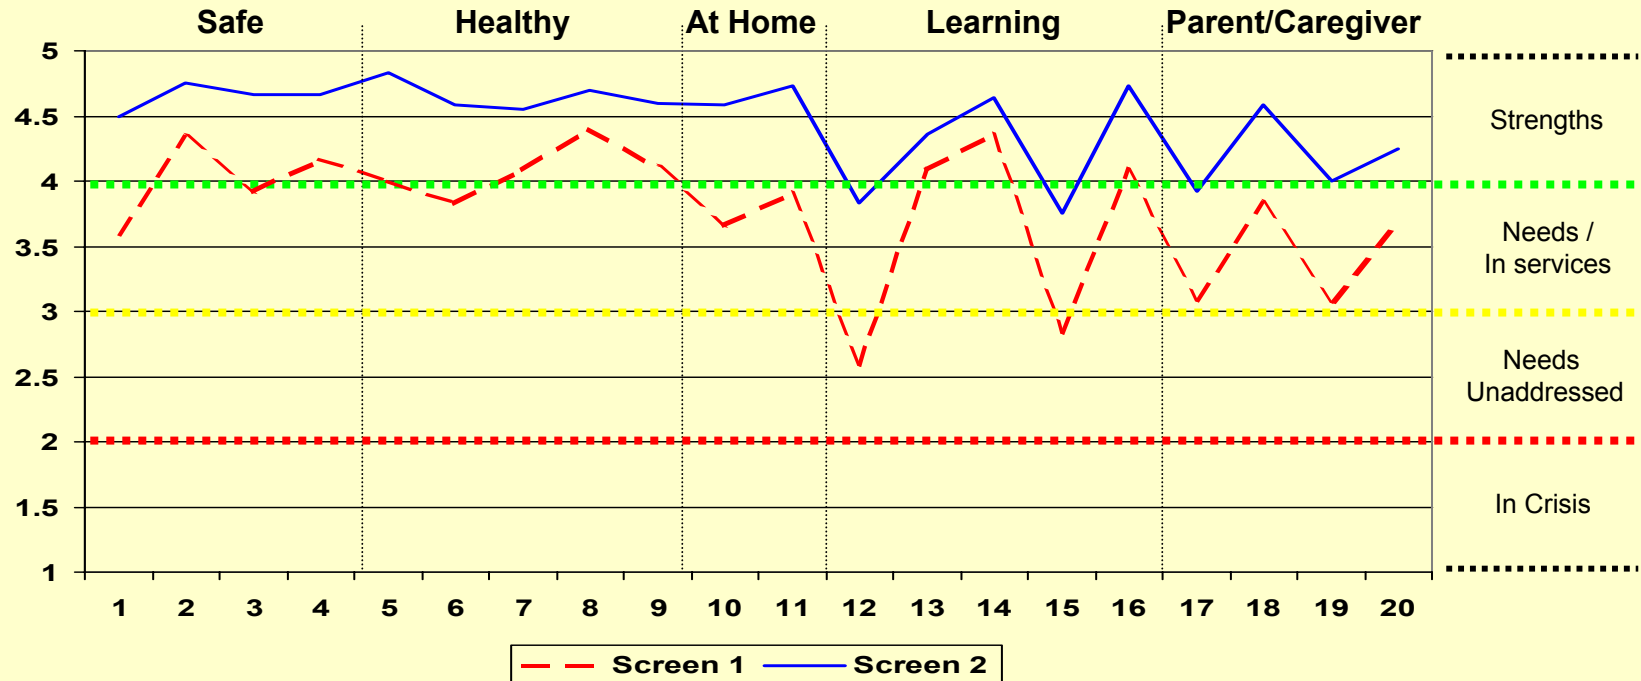

Learning (12) learning environment (13) responses (14) learning (15) enrichment (16) peer relationships

Parent/Caregiver (17) support network (18) positive relationship (19) parenting practices (20) parent satisfaction

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Girls

n = 12 (50%) Avg. time = 199 days (58 to 459)

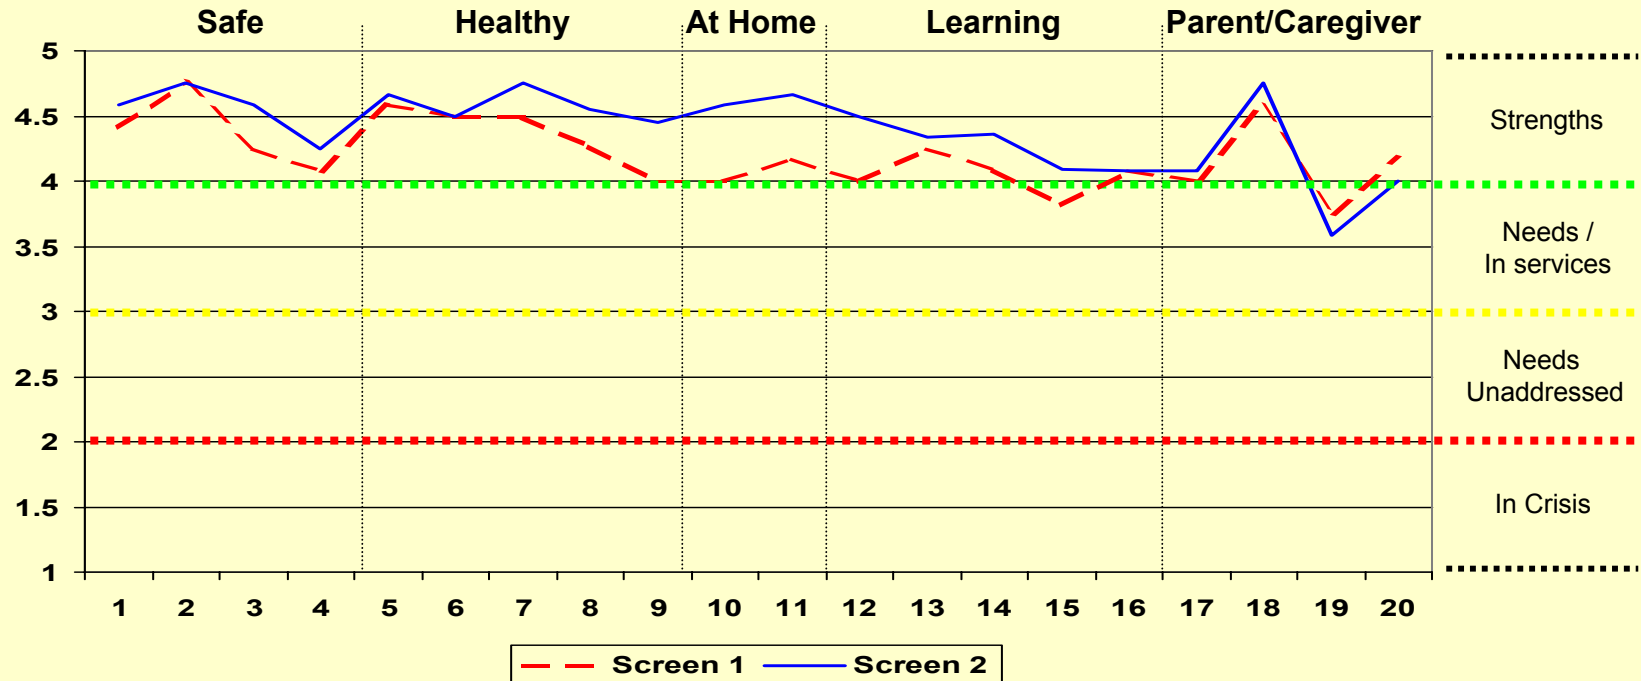

Outcomes and Indicators:

Safe	(1) protection	(2) abuse	(3) risk	(4) self-control	
Healthy	(5) physical health	(6) happiness	(7) exposure	(8) physical development	(9) emotional development
At Home	(10) living environment	(11) living relationships			
Learning	(12) learning environment	(13) responses	(14) learning	(15) enrichment	(16) peer relationships
Parent/Caregiver	(17) support network	(18) positive relationship	(19) parenting practices	(20) parent satisfaction	

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Boys

n = 12 (50%) Avg. time = 200 days (12 to 522)

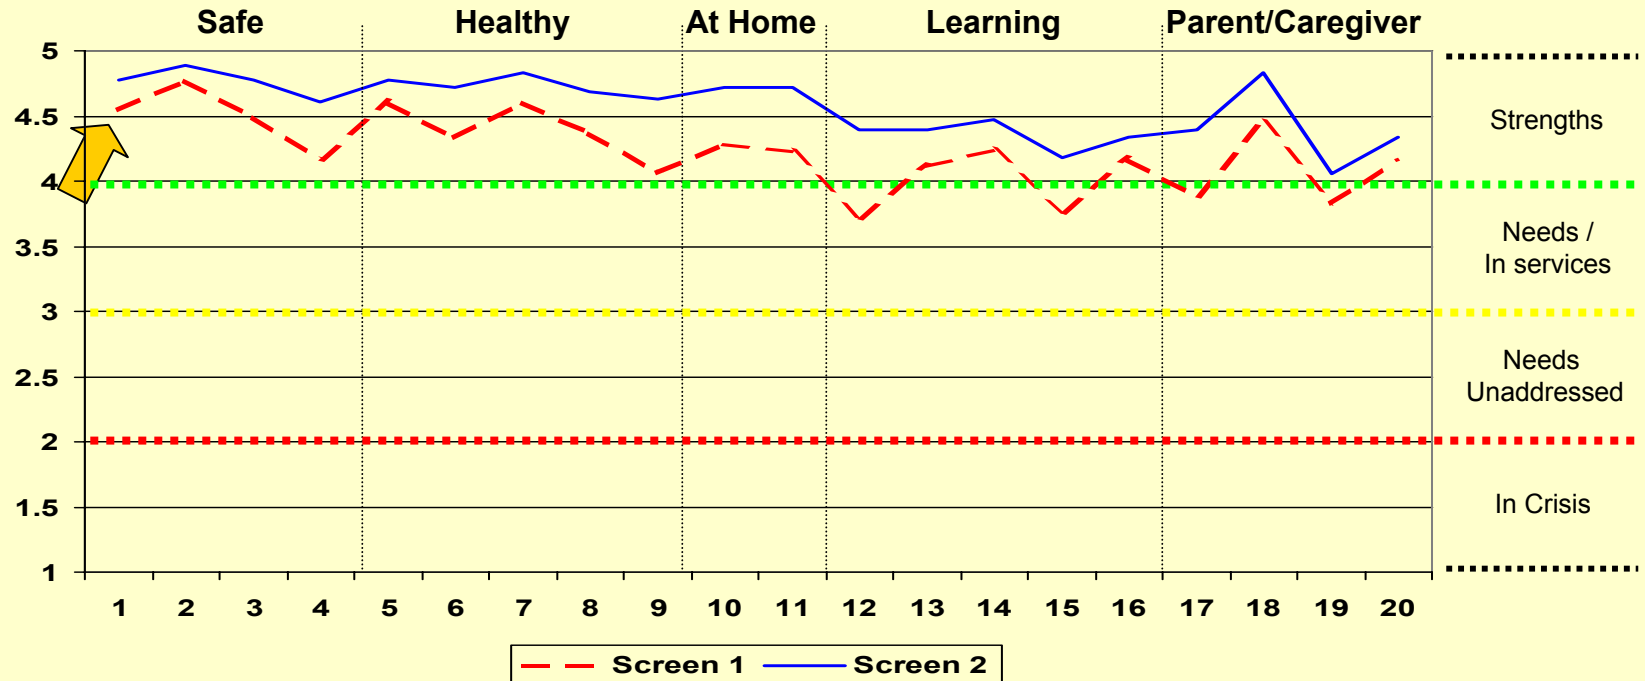

Outcomes and Indicators:

Safe	(1) protection (2) abuse (3) risk (4) self-control
Healthy	(5) physical health (6) happiness (7) exposure (8) physical development (9) emotional development
At Home	(10) living environment (11) living relationships
Learning	(12) learning environment (13) responses (14) learning (15) enrichment (16) peer relationships
Parent/Caregiver	(17) support network (18) positive relationship (19) parenting practices (20) parent satisfaction

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Protected (#1) at Screen 1

n = 18 (75%) Avg. time = 188 days (12 to 522)

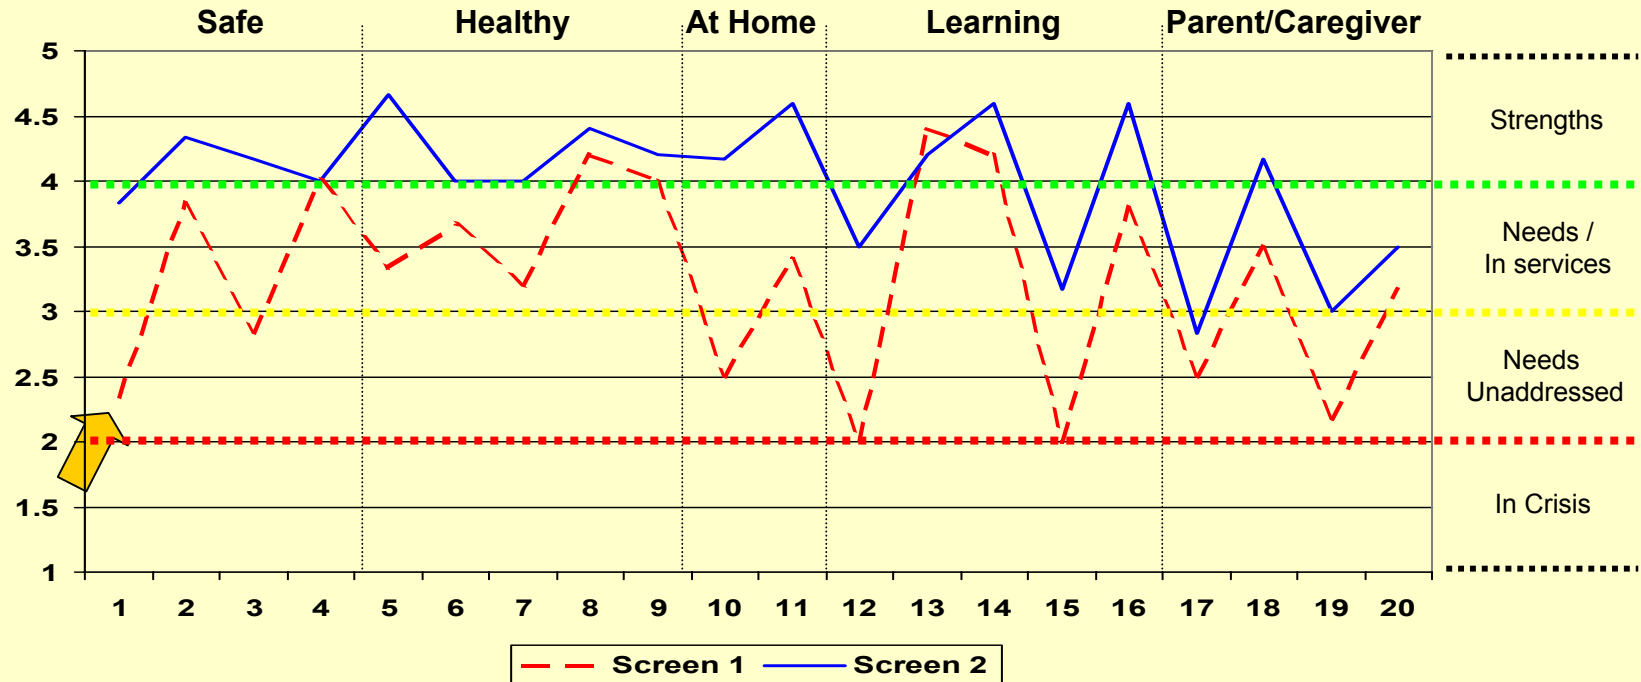

Outcomes and Indicators:

Safe	(1) protection	(2) abuse	(3) risk	(4) self-control	
Healthy	(5) physical health	(6) happiness	(7) exposure	(8) physical development	(9) emotional development
At Home	(10) living environment	(11) living relationships			
Learning	(12) learning environment	(13) responses	(14) learning	(15) enrichment	(16) peer relationships
Parent/Caregiver	(17) support network	(18) positive relationship	(19) parenting practices	(20) parent satisfaction	

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Not protected (#1) at Screen 1

n = 6 (25%) Avg. time = 231 days (58 to 459)

Outcomes and Indicators:

Safe (1) protection (2) abuse (3) risk (4) self-control

Healthy (5) physical health (6) happiness (7) exposure (8) physical development (9) emotional development

At Home (10) living environment (11) living relationships

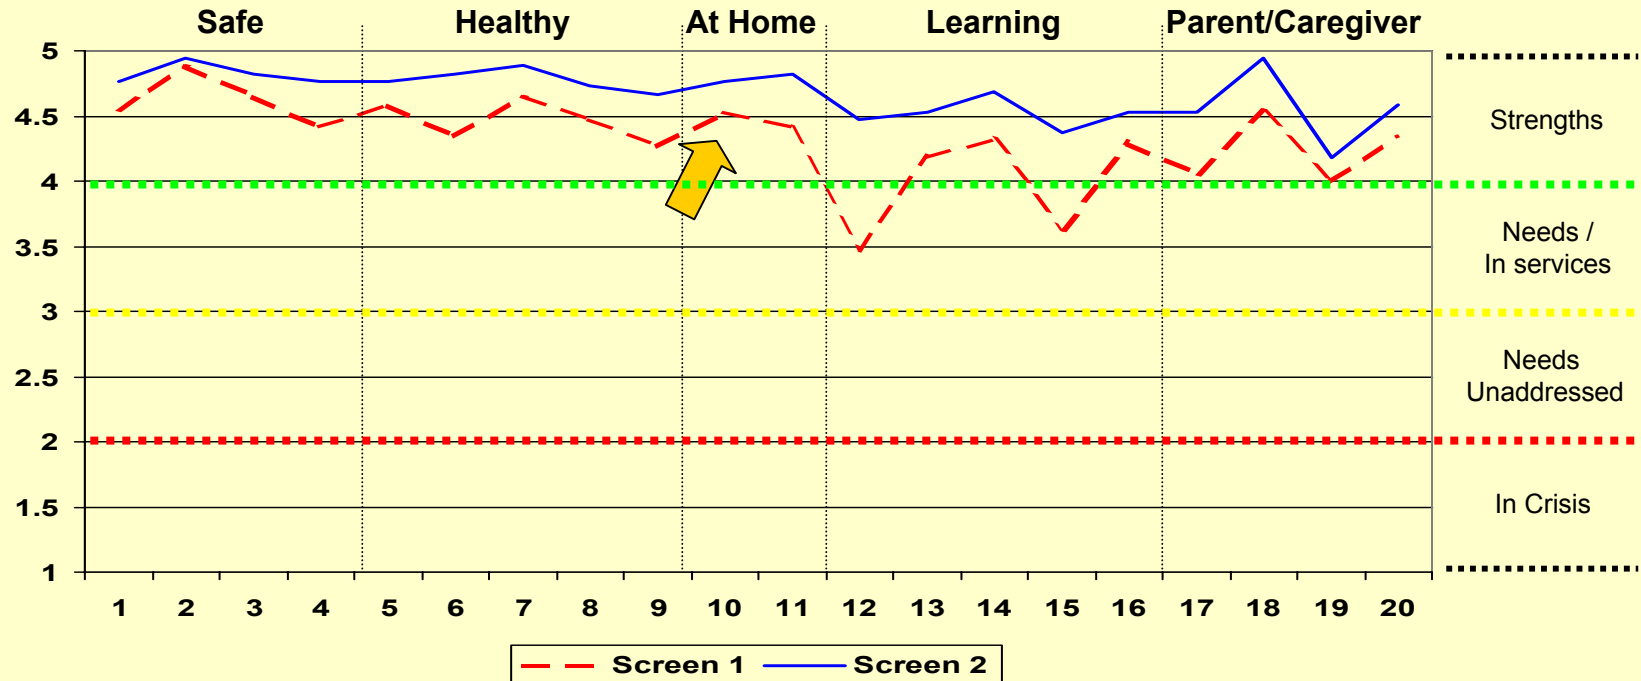

Learning (12) learning environment (13) responses (14) learning (15) enrichment (16) peer relationships

Parent/Caregiver (17) support network (18) positive relationship (19) parenting practices (20) parent satisfaction

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Positive living environment (#10) at Screen 1

n = 17 (71%) Avg. time = 185 days (12 to 522)

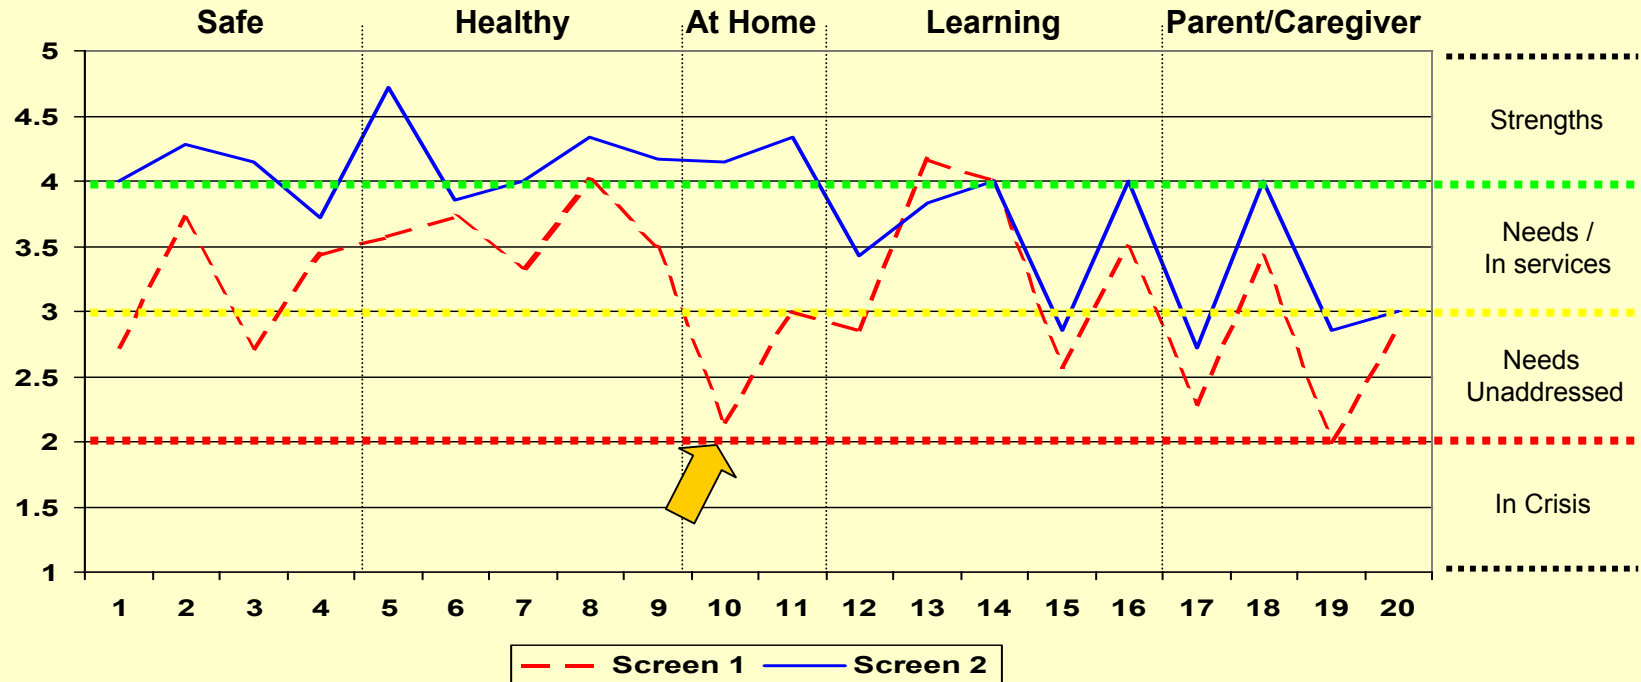

Outcomes and Indicators:

Safe	(1) protection	(2) abuse	(3) risk	(4) self-control	
Healthy	(5) physical health	(6) happiness	(7) exposure	(8) physical development	(9) emotional development
At Home	(10) living environment	(11) living relationships			
Learning	(12) learning environment	(13) responses	(14) learning	(15) enrichment	(16) peer relationships
Parent/Caregiver	(17) support network	(18) positive relationship	(19) parenting practices	(20) parent satisfaction	

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Poor living environment (#10) at Screen 1

n = 7 (29%) Avg. time = 234 days (58 to 459)

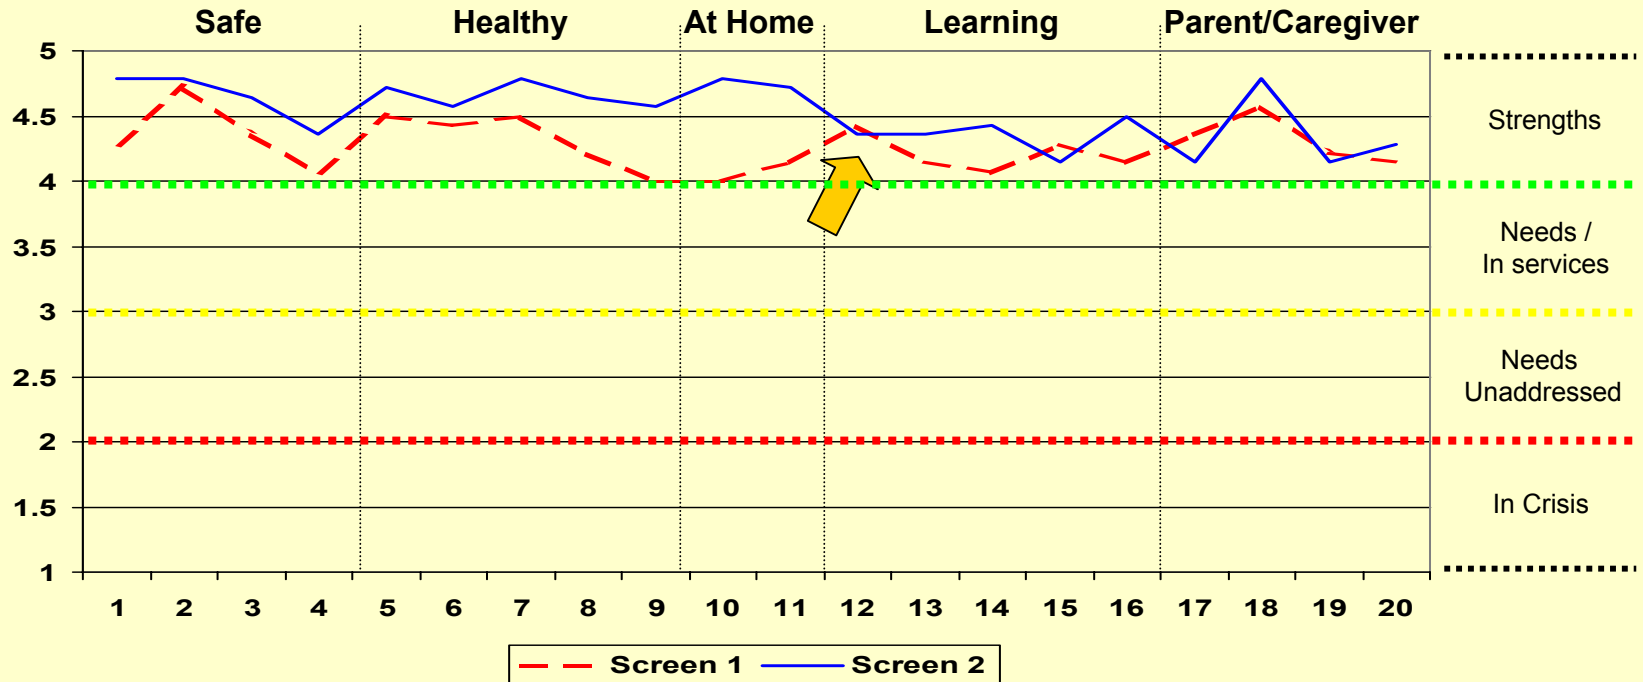

Outcomes and Indicators:

- Safe** (1) protection (2) abuse (3) risk (4) self-control
- Healthy** (5) physical health (6) happiness (7) exposure (8) physical development (9) emotional development
- At Home** (10) living environment (11) living relationships
- Learning** (12) learning environment (13) responses (14) learning (15) enrichment (16) peer relationships
- Parent/Caregiver** (17) support network (18) positive relationship (19) parenting practices (20) parent satisfaction

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – In a learning environment (#12) at Screen 1

n = 14 (58%) Avg. time = 169 days (12 to 435)

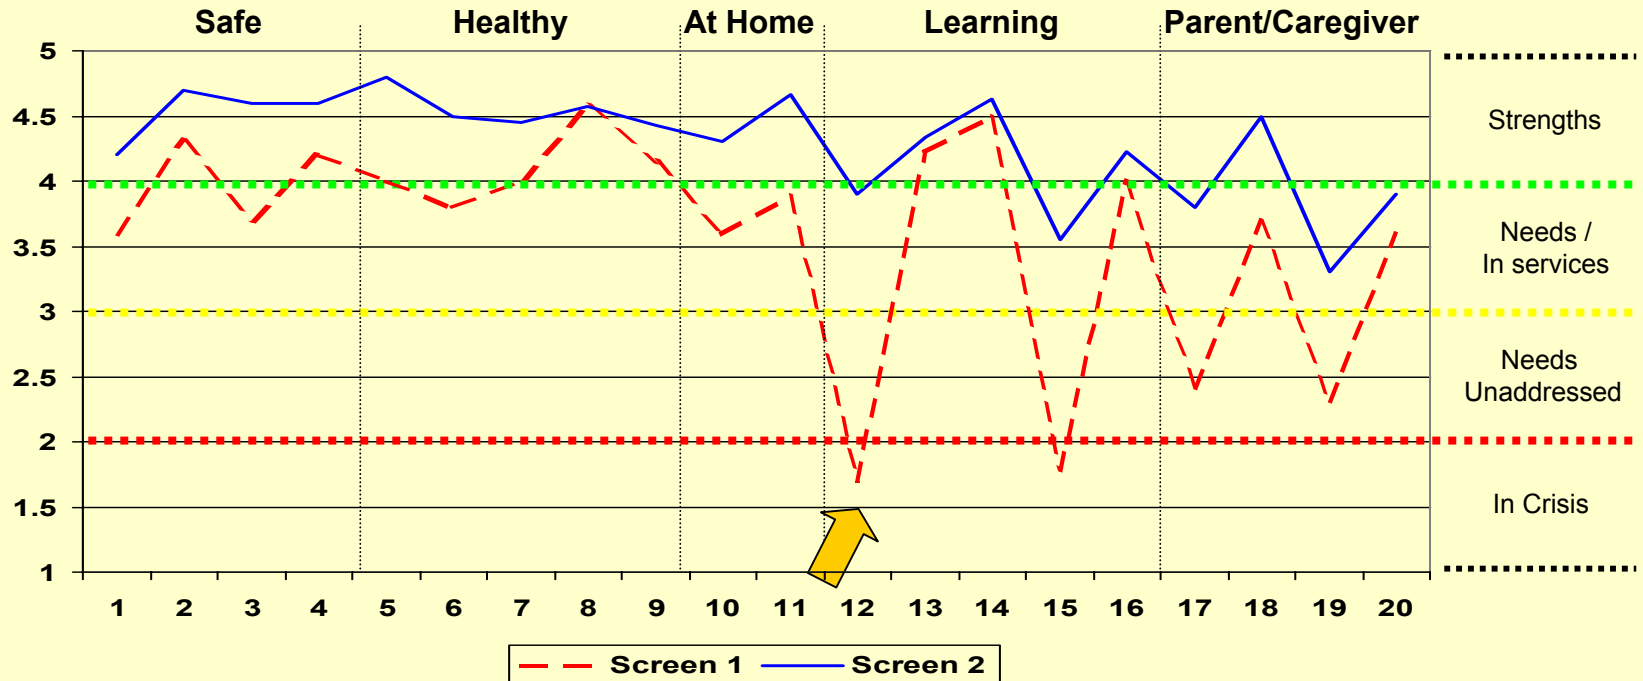

Outcomes and Indicators:

Safe	(1) protection	(2) abuse	(3) risk	(4) self-control	
Healthy	(5) physical health	(6) happiness	(7) exposure	(8) physical development	(9) emotional development
At Home	(10) living environment	(11) living relationships			
Learning	(12) learning environment	(13) responses	(14) learning	(15) enrichment	(16) peer relationships
Parent/Caregiver	(17) support network	(18) positive relationship	(19) parenting practices	(20) parent satisfaction	

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Not in a learning environment (#12) at Screen 1

n = 10 (42%) Avg. time = 242 days (58 to 522)

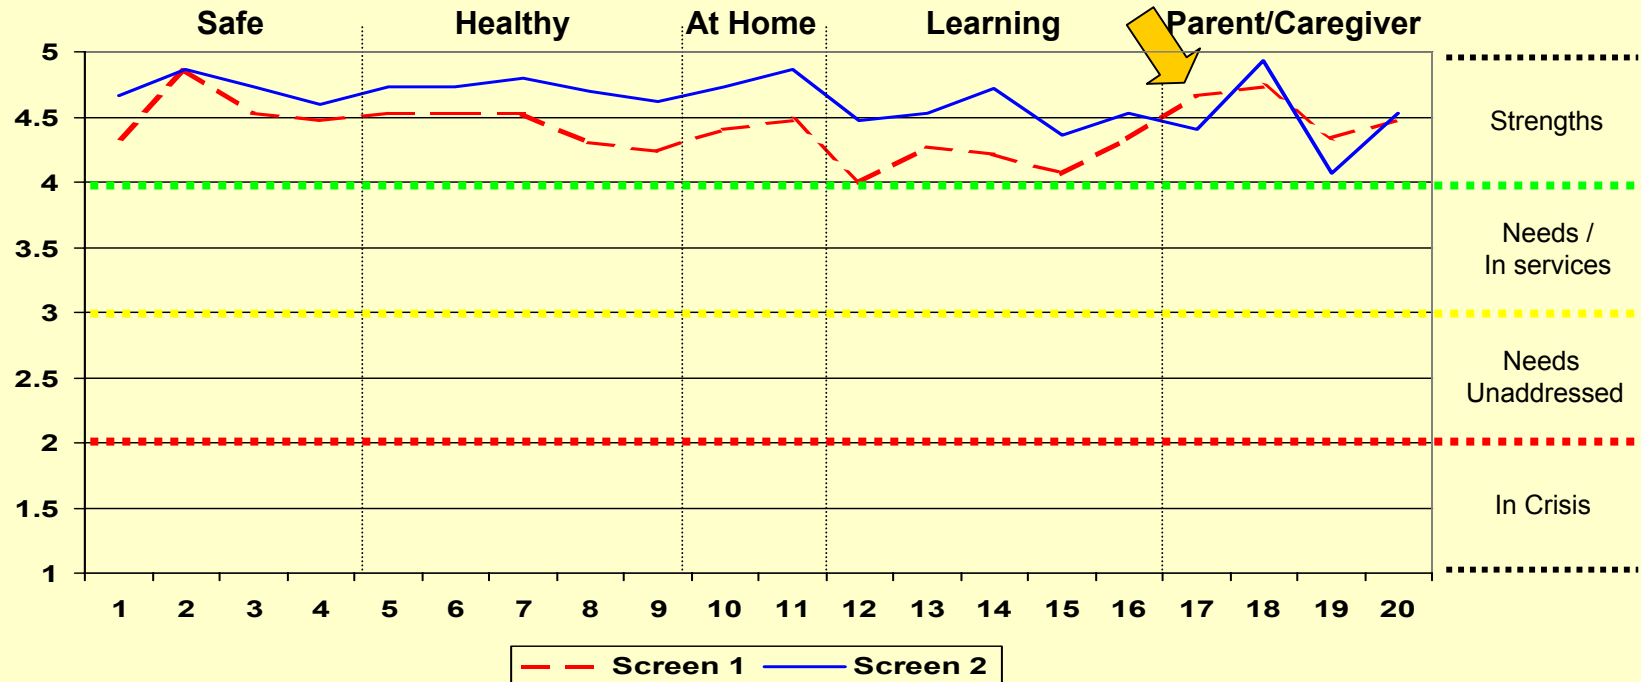

Outcomes and Indicators:

Safe	(1) protection	(2) abuse	(3) risk	(4) self-control					
Healthy	(5) physical health	(6) happiness	(7) exposure	(8) physical development	(9) emotional development				
At Home	(10) living environment	(11) living relationships							
Learning	(12) learning environment	(13) responses	(14) learning	(15) enrichment	(16) peer relationships				
Parent/Caregiver	(17) support network	(18) positive relationship	(19) parenting practices	(20) parent satisfaction					

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – In a support network (#17) at Screen 1

n = 15 (62%) Avg. time = 183 days (12 to 522)

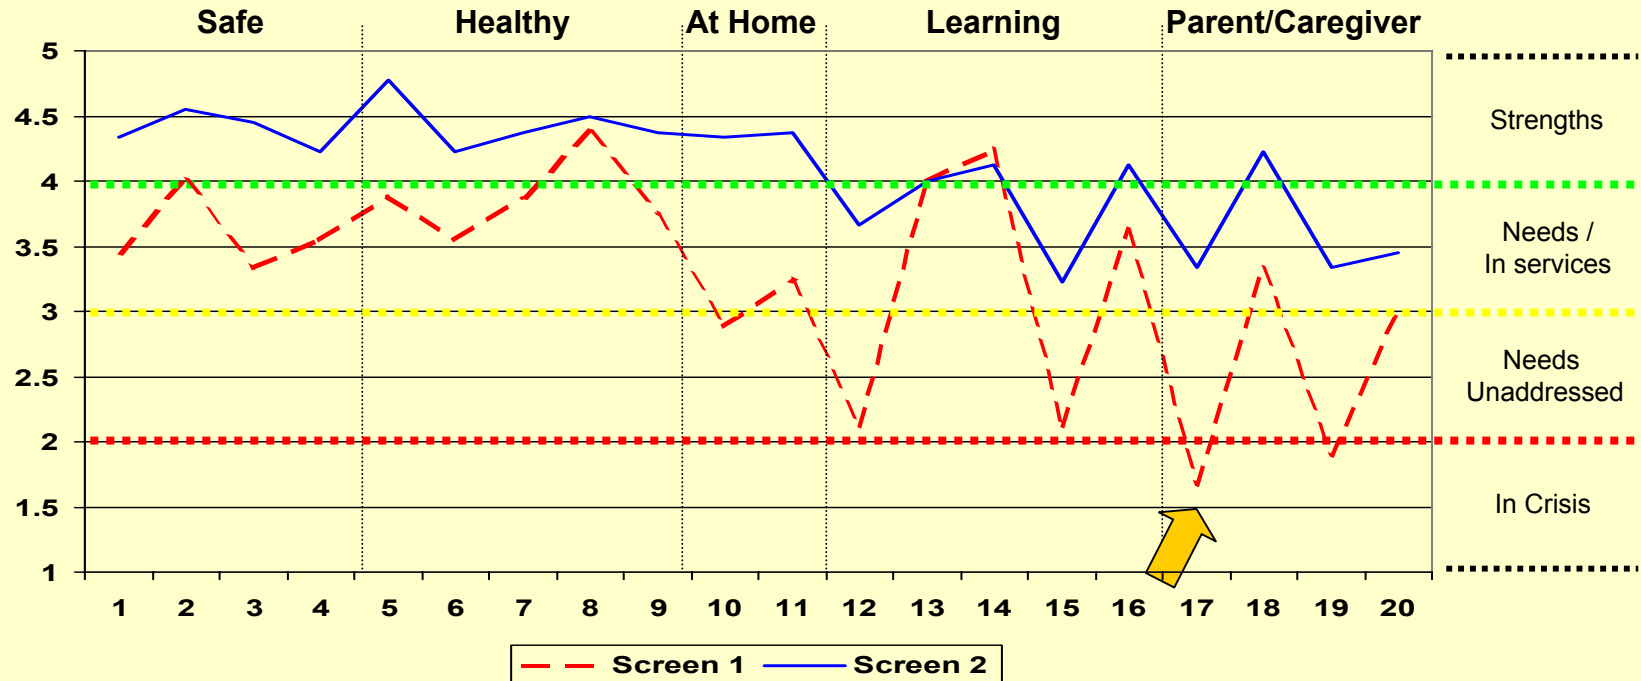

Outcomes and Indicators:

Safe	(1) protection (2) abuse (3) risk (4) self-control
Healthy	(5) physical health (6) happiness (7) exposure (8) physical development (9) emotional development
At Home	(10) living environment (11) living relationships
Learning	(12) learning environment (13) responses (14) learning (15) enrichment (16) peer relationships
Parent/Caregiver	(17) support network (18) positive relationship (19) parenting practices (20) parent satisfaction

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Not in a support network (#17) at Screen 1

n = 9 (38%) Avg. time = 225 days (58 to 459)

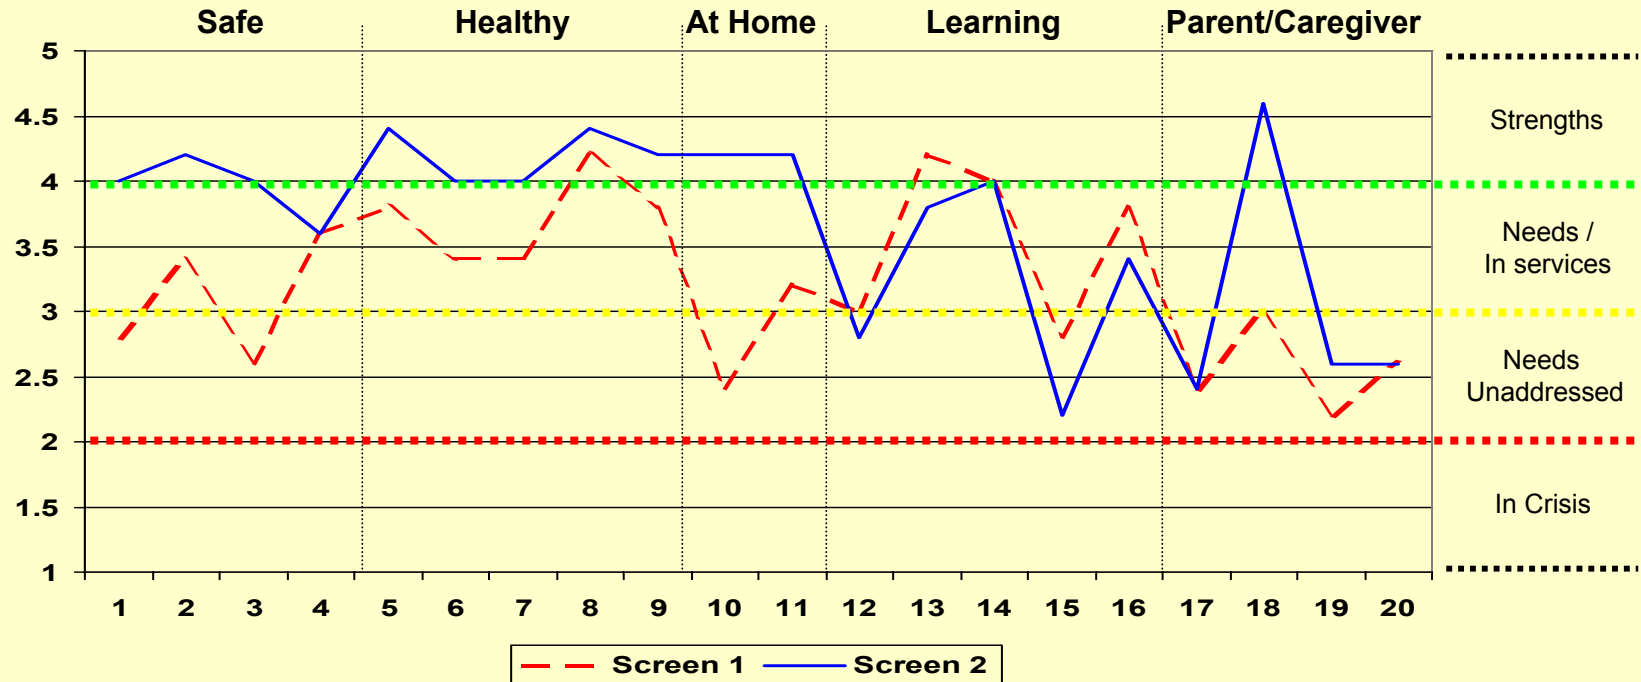

Outcomes and Indicators:

Safe	(1) protection	(2) abuse	(3) risk	(4) self-control					
Healthy	(5) physical health	(6) happiness	(7) exposure	(8) physical development	(9) emotional development				
At Home	(10) living environment	(11) living relationships							
Learning	(12) learning environment	(13) responses	(14) learning	(15) enrichment	(16) peer relationships				
Parent/Caregiver	(17) support network	(18) positive relationship	(19) parenting practices	(20) parent satisfaction					

Placer County Early Childhood Outcome Screen Data

Kings Beach FRC 2002/03 – Learning indicators low at Screen 2

n = 5 (21%) Avg. time = 262 days (12 to 459) Girls = 3 Boys = 2

Outcomes and Indicators:

Safe	(1) protection (2) abuse (3) risk (4) self-control
Healthy	(5) physical health (6) happiness (7) exposure (8) physical development (9) emotional development
At Home	(10) living environment (11) living relationships
Learning	(12) learning environment (13) responses (14) learning (15) enrichment (16) peer relationships
Parent/Caregiver	(17) support network (18) positive relationship (19) parenting practices (20) parent satisfaction
